

A carpenter is a person who makes things out of wood. You could hire a carpenter to build a dining room table and two long benches. Carpenters specialize in woodworking, making furniture and buildings from wood and repairing various wooden things.

Duties of Carpenter:

- Follow blueprints and building plans to meet the needs of clients
- Install structures and fixtures, such as windows and molding
- Measure, cut, and shape wood, plastic, and other materials
- Construct building frameworks, including walls, floors, and doorframes
- Erect, level, and install building framework with the aid of rigging hardware and cranes
- Inspect and replace damaged framework or other structures and fixtures
- Instruct and direct laborers and other construction helpers

Carpenter Job Title:

- General Carpenter
